FOUNDATION

Important information

The program is in CEST Time

This brochure contains detailed Site meets SAM 2021 program.

Mornings Young Talent Program: Limited to 20 young vascular surgeons (under 40 years) and will only be accessible for those attendees who have been selected to participate.

Afternoons Main Symposium Program: Open to all participants and industry representatives. Accessible for those who have completed its correspondent payment or are enjoying an educational grant that covers the registration fee.

Kindly note all sessions are divided into two categories depending on participant access restrictions: **Free access** sessions and **Prepaid sessions**.

- **Prepaid sessions** have a limited capacity and will only be accessible for those attendees who have completed its correspondent payment or are enjoying an educational grant that covers the registration fee.

- **Free access sessions** are distinguished by this icon  This kind of sessions will be accessible by anyone interested in the topic. Despite the gratuity of the entrance to the mentioned sessions, registering is mandatory.

Continuing Medical Education (CME) Credits This activity has been credited with **5** EACCME® and AMA PRA Category 1 Credits

Pre-Symposium Program

20th Sept. 2021: Young Talent Workshops - Complex Thoracic Aorta & Challenging Cases Presentations

Moderator: V. Rimbau (Spain), F. Gallardo (Spain), J. Fernández-Noya (Spain)

13:00-15:00

13:00-13:05 **Introduction, why I am here...?**
All Faculties and participants

13:05-13:15 **How to succeed in your lectures in international meetings**
Speaker V. Rimbau (Spain)

Challenging cases discussion

13:15-13:25 Ruptured thoracoabdominal aortic aneurysm urgent treatment with a pre-cannulated multibranch aortic endograft
Speaker D. Abad (Spain)

13:25-13:35 Hepatic malperfusion after repair of a type a acute aortic dissection
Speaker A. Baturone (Spain)

14:15 13:35-13:45 Complex Thoracic Aortic Dissection
Speaker K. Dinh (Australia)

13:45-14:00 Intestinal angina after type-b aortic dissection treated by endovascular technique
Speaker B. Palomares (Spain)

14:00-14:10 Type b aortic dissection and hemoptysis: a case report
Speaker A. Russo (Uruguay)

14:10-14:15 **Wrap up and conclusions**
Speaker F. Gallardo

14:15-15:00 **Hot topics in TAAA and open discussion:**
Tips & tricks for FEVAR/BEVAR
Speaker G. Mestres (Spain)
Inner branches VS FEVAR, when and why?
Speaker J. Fernández-Noya (Spain)

Pre-Symposium Program

21st Sept. 2021: Young Talent Workshops - Complex AAA Aorta & Challenging Cases Presentations

Moderator: N. Mosquera (Spain), F. Gallardo (Spain), G. Mestres (Spain)

Challenging cases discussion

13:00-14:40

13:00-13:10 Complex Endovascular Repair After Open Replacement of Thoracoabdominal Aorta
Speaker R. Vigliotti (Spain)

13:10-13:20 Endovascular treatment of a symptomatic giant distal hepatic aneurysm in 2 steps: 1. Coil + distal stenting 2. Covered stent to the splenic artery
Speaker L. Gallego (Spain)

13:05

-

14:05

13:20-13:40 Are there limits in Complex EVAR?
Speaker P. González (Spain)

13:40-13:50 Complex endovascular aortic repair after progression of an aortic dissection
Speaker A. J. Gutierrez (Spain)

13:50-14:00 Let's go for a ride! Bailout technique for branched endografts
Speaker L. A. Suarez (Spain)

14:00-14:05 **Wrap up and conclusions**

Hot topics in complex AAA and open discussion:

14:05-14:30 Bridge stents, why are so important?
Speaker N. Mosquera (Spain),
ESAR (Endosuture Aneurysm repair) for hostile necks Vs CH-EVAR/F-EVAR. Pro and Cons
Speaker V. Riambau (Spain)

14:30-14:40

Awards Ceremony- Best Challenging Case

FREE

Main Program

20th Sept. 2021: Complex Thoracic Aorta day

Panel discussion: Off-the-shelf branched endografts vs CMD

Moderator: V. Riambau (Spain), N. Mosquera (Spain)

Panelists:

J.P. Carbonell (Colombia), J. Fernández-Noya (Spain), M. Ferreira (Brazil)

S. Haulon (France), F. Rohlfes (Germany), G. Oderich (USA), P. Szopinski (Poland)

17:00 – 20:00

17:00-17:15 **Disaster case:** Hope for the best and prepare for the worst. Hybrid treatment of the arch and abdominal aorta in a patient with aneurysm and dissection.

Speaker: P. Szopinski (Poland), E. Pleban (Poland)

17:15-17:35 **Topic 1:** Unmet needs in endovascular repair as the first option in the aortic arch

17:35-17:50 **Disaster case:** Unexpected neurological complication after endovascular repair of a dissecting thoracoabdominal aortic aneurysm

Speaker: J.P. Carbonell (Colombia)

17:50-18:00 **Topic 2:** Is there enough evidence or consensus to consider BEVAR/FEVAR as the first option for TAA repairs?

18:20-18:35 **Disaster case:** Severe misalignment during FEVAR

Speaker: G. Oderich (USA)

18:35-19:00 **Topic 3:** BEVAR or FEVAR platform, or both?

19:00-19:15 **Disaster case:** The contralateral gate - everybody gets a second chance?

Speaker: F. Rohlfes (Germany)

19:15-19:40 **Topic 4:** CMD vs physician modified vs off-the-shelf

19:40-20:00 **Topic 5:** The most important requirements for a the off –the-shelf BEVAR/FEVAR are? Fit for >70% anatomies; Femoral and brachial approach; The own bridge stentgrafts; French profile

Main Program

21st Sept. 2021: Complex AAA day

Panel discussion: Endovascular solutions for pararenal and juxtarenal aneurysms

Moderator: N. Mosquera (Spain), V. Riambau (Spain)

Panelists:

D. Branzan (Germany), L. M. Ferreira (Argentina), G. Mestres (Spain)
A. Reyes (Spain), H. Verhagen (Netherlands), N. Dias (Sweden)
J.P. de Vries (Netherlands)

17:00-20:00

17:00-17:15 **Disaster case:** Occluded renal artery/ies, case closed?
Speaker: J.P. de Vries (Netherlands)

17:15-17:35 **Topic 1:** The bridge stent issue: can we apply today and in the future same rules as before with current technology?

17:35-17:50 **Disaster case:** FEVAR after previous EVAR
Speaker: L. M. Ferreira (Argentina)

17:50-18:00 **Topic 2:** Is there a role for infrarenal repair in short (<10mm) neck?

18:20-18:35 **Disaster case:** When we want to be too precise in juxtarenal EVAR...
Speaker: G. Mestres (Spain)

18:35-19:00 **Topic 3:** With inner branch technology available will fenestrated grafts be outdated?

19:00-19:15 **Disaster case:** Anger management for a type Ia endoleak case
Speaker: A. Reyes (Spain)

19:15-19:40 **Topic 4:** Any future (or present) on polymer base/sac filling technologies after Nellix?

19:40-20:00 **Topic 5:** What is your prediction for the future and what will be next step in pararenal treatment: the main unmet need in 2021

Industry Interactive Sessions

20th Sept. 2021: Complex Thoracic Aorta day

Sponsored Symposium Cook Medical

15:00-15:30

Evolution in Fenestrated endografting and state of the art technology

Speaker: F. Gómez Palones (Spain)

Sponsored Symposium WL Gore

15:30- 16:00

Clinical benefits of the new GORE® VIABAHN® VBX Expandable Balloon prosthesis: indications and preliminary results

Speaker: A. Ateca (Spain)

Sponsored recorded cases

Cardiva-Terumo Aortic & iVascular

16:00-16:15

New TERUMO FEVAR and iVascular cover stent platforms: two steps forward

Speaker: V. Riambau (Spain)

LOGSA

16:15-16:30

In situ needle fenestration is an easy and safe alternative for endovascular repair of the aortic arch

Speaker: V. Riambau (Spain)

Cook Medical

16:30-16:45

Unusual case: Infrarenal aneurysm with a renal branch

Speaker: J. M. Encisa de Sa (Spain)

Cryolife

16:45-17:00

Addressing the challenges of thoracoabdominal disease with the new E-nside Stentgraft System

Moderator: N. Mosquera (Spain)

Speaker: L. M. Salmerón Febres (Spain)

WL Gore

18:00-18:15

Acute aortic syndrome & TEVAR

Speaker: A. González (Spain)

Industry Interactive Sessions

21st Sept. 2021: Complex AAA day

Sponsored recorded case Endologix

14:45- 15:00 ALTO Abdominal Stent Graft System - Step by step
Speaker: O. Andrés (Spain)

Sponsored Symposium Innovasc

Solaris Endograft Symposium

15:00- 15:30 Design & Features of the Solaris Endograft
Speaker: E. Cordeiro (Brazil)
Clinical Benefits in Complex Cases with the Solaris endograft
Speaker: M. Ferreira (Brazil)

Sponsored Symposium Abbot

15:30- 16:00 Embolization with Plugs in Complex Thoracoabdominal Surgery
Speaker: E. Santamarta (Spain), I. Constenla (Spain)

Sponsored recorded cases

Cook Medical

16:00-16:15
Title: Iliac Branch Device
Speaker: O. Andrés (Spain)

Mercé - Penumbra

16:15-16:30 Post BEVAR type 2 leak embolization
Speaker: E. Martinez (Spain)

Continues in page 10

Industry Interactive Sessions

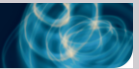

21st Sept. 2021: Complex AAA day (cont.)

Sponsored recorded cases

Logimed

logimed

16:30-16:45

Challenging narrow aortic bifurcation: the power of BGP and the advantages of intraoperative 3D reconstruction

Speaker: L. Romero Vázquez (Spain)

Cordis

16:45-17:00

Ultra low profile graft for an accurate and safe outpatient EVAR

Speaker: V. Riambau (Spain)

WL Gore

EVAR/IBE

18:00-18:15

Internal Iliac artery preservation: key clinical and Technical learnings in the bilateral treatment

Speaker: V. Sala (Spain)

Sponsors

Collaborations
